THE CARTOON CARTOONS ZINE

FORWARD

Hello everyone!! Thank you so much for participating and viewing our zine! We are absolutely honored to be curating this zine for the public. Before we even started thinking about making any sort of zine, we had one major thing in common- Our love for the Cartoon Cartoon Fridays era of Cartoon Network. We would (and still do!) talk about our favorite shows, characters, episodes, color schemes, show runners, designs, writing, and how much they have influenced us in our artist growth. With this influence, we've created this zine not only to celebrate these wonderful television series, but to thank the people that worked to inspire us. - Val

This zine was a joy to organize. I am completely in awe of the beautiful pieces that contributors made, and I am honored that such talented people wanted to be a part of our zine. I couldn't have done this myself, I'm so grateful for all of Val's help in making this zine a reality. Cartoon Cartoons made me who I am today, and continues to stand out as my favorite era of TV animation. Thank you all for coming together to celebrate it with us! - Jay
